CH-635 (Clinical Pastoral Education Facilitation) Registration Form

Clinical Pastoral Education (CPE) is professional education for interfaith spiritual care giving and religious leadership. It brings participants of all faiths (chaplains-in-training and lay persons) into supervised ministry with individuals in crisis. CPE consists of clinical service, formational opportunities, and significant introspection. During their CPE experience, participants engage with intensive and extensive encounters with persons in crisis. They have an opportunity to grow personally and professionally from feedback of CPE peers and educators and reflect theologically on specific human experiences. This is a time to develop interpersonal and interprofessional relationship skills and to deepen and fine-tune your understanding of spiritual care.

Preparation to engage in CPE should start well in advance of your formal registration for CH-635 or the beginning of your CPE units. Students must work with the MAC and field education program director(s) to identify suitable and accredited placements for the completion of CPE. Enrollment in CH-635 is not in itself enrollment in CPE units.

This registration form is to be submitted to HIU's registrar only after all considerations and requirements in preparation for undertaking CPE have been addressed with the help of MAC program faculty.

Note that CH-635 is a 3-credit course that counts toward the 36 credits required of HIU's MA in Chaplaincy. Tuition and fees are associated with enrollment in CH-635, but students are charged \$1,000 less than the regular tuition for a 3-credit course to account for and offset anticipated fees related to the student's placement with an accredited CPE agency.

Contact HIU's Director of Field Education, Aida Mansoor, amansoor@hartfordinternational.edu, if you have any questions or needs related to CPE.
